## Keeping Your DEERS Record Updated

It's very important to keep your DEERS records updated, especially when personal eligibility information changes. This includes changes in military status, address, and family status (marriage, divorce, births, etc.) Mistakes in your DEERS record can cause problems with TRICARE claims, Family SGLI, and other entitlements. The sponsor or a family member who is on the record may update their contact information via the internet at <https://www.dmdc.osd.mil/mydodbenefits> or by calling the DMDC/DEERS Support Office toll free at 800-538-9552. Contact your Military Personnel Office (FSS) at 316-759-7431 if you have questions about your DEERS record.
